

2018 ENVIRONMENTAL ACTIVITY REPORT

THE BONHAM HOTEL
Edinburgh

STEP 01

The Bonham Hotel is proud to say we support local and national fundraising and charity events whenever possible. So far this year we have made donations ranging from Afternoon Teas to Overnight stays to a variety of events. The Bonham colleagues have also raised funds inhouse for the Hopscotch Childrens Charity, and the Restaurant help raised funds for Social Bite.

STEP 02

With the help of Waste managed solutions we have diverted 100% of are waste from the landfill - 72% was recycled, and 28% was recovered and repurposed. We will endeavor to show our social responsibility throughout the year. The Bonham has also taken it's first steps to becoming a plasticless business! We have recently withdrawn from buying plastic straws and now use paper straws in our Bar.

STEP 03

Last year we started a small Kitchen Garden where we could grow our own herbs used in our dishes and drinks. This year we plan to take advantage of the refurbishment and plan to design a larger kitchen garden in a dedicated space - and hopefully grow more of what we need directly on site.

For the 2nd year running we have sponsored a Red Panda at Edinburgh Zoo! Boris has recently moved into his brand new habitat. We have been monitoring our Gas and Electricity usage and are thrilled to say that a positive side affect of having half the hotel shut to the public due to the refurbishment is a reduced use of energy - We make sure all unnecessary lights, heaters and appliances are switched off.

Thank you for taking the time to rea this report. If you have any ideas or suggestions please don't hesitate to let us know!

You can contact our Green Team at dutymanager@thebonham.com

We hope you enjoy your stay!
